## MINISTRY OF AGRICULTURE AND FORESTRY AFYONKARAHİSAR MEDICINAL AND AROMATIC PLANTS CENTER

web:atib.ogm.gov.tr

## AIMS OF OUR CENTER

1. Processing MAPs species that grow naturally in our forests and bringing them into the economy,
2. To introduce the natural and endemic, medicinal and aromatic plant species grown in the production area,
3. To give practical training to the visitors on the cultivation of MAPs species and their use.
4. To provide technical support to entrepreneurs who aim to trade products obtained from MAPs in our country.
5. To follow the trade of medicinal and aromatic plants in the world and in our country,
6. To investigate the cultivation possibilities of some medicinal and aromatic plant species with high economic value that do not grow in our country.
7. To carry out applied research on MAPs species grown in our country as pharmaceutical, food and cosmetic raw materials

## STRUCTURAL FEATURES OF OUR FACILITY

- 1- It is an exemplary facility in terms of architecture and building style.
- 2- It can produce its own electricity and heat by transforming the sun, wind and soil energy through certain stages.
- 3-At the end of 2015, an energy sales protocol was signed with Tedaş and the consumption surplus of the produced energy was started to be sold.
- 4- exotic and tropical types of plants are found in the demonstration greenhouse within the facility, and these plants add a visual richness to our facility by providing optimum conditions in summer and winter

## SOME OF THE PRODUCTS WE PRODUCE

### 1-HERBAL TEAS

### 2-HERBAL OILS

- John's Wort infused oil
- Calendula infused oil
- Lavender essential oil
- Sage essential oil
- Juniper essential oil
- Thyme essential oil

### 3-FRUIT VINEGAR

- Hawthorn vinegar

web:atib.ogm.gov.tr

## R&D STUDIES

(Production at the R&D level)

### SOAPS

- John's Wort soap
- Calendula soap
- Lemon Thyme soap
- Aloe Vera soap
- Sean Flower soap
- Active Carbon soap
- Lemon Balm soap
- Lavender soap
- Olive Oil soap
- Poppy soap

### COLOGNES

- Lavender cologne
- Lemon cologne
